Dave Osbourne - Linstead, Jamaica

#### Trinidad and Tobago

David Reyes - Santa Flora  
Winston Jr. Clarke - Princes Town  
Kenneth Lewis - Williamsville  
Trovell Emmanuel - Aripero

## WE ARE PROOF

There are many today who doubt the existence of God for various reasons. They claim that we do not have sufficient evidence to prove God's existence and therefore we cannot know for certain if He exists. Much research has gone into even attempting to prove theories of man's origin. Projects like the Large Hadron Collider in Switzerland and France have been designed in an attempt to "recreate" the conditions of the supposed "Big Bang" and therefore prove this theory.

While several have gone to great efforts to disprove God's existence and validate alternate theories of origin, God's word is clear on the origin of man. The Psalmist said Ps 139:13-17, *"For you formed my inward parts; you knitted me together in my mother's womb. I praise you, for I am fearfully and wonderfully made. Wonderful are your works; my soul knows it very well. My frame was not hidden from you, when I was being made in secret, intricately woven in the depths of the earth. Your eyes saw my unformed substance; in your book were written, every one of them,..."*.

Isn't interesting that hundreds of years ago, before we had the technological advancements available today, men wrote in such detail of creation by an almighty God based on his knowledge of man's intricate design. If the author of this Psalm had further scientific knowledge he may have elaborated on the strength of man's bones, the process of cell division in the womb or the design of our systems and organs.

Even without this knowledge, the writer is clear; WE ARE PROOF. He asserts that since the body has been intelligently designed, it must have an intelligent designer. So the next time we are challenged with the propositions of those who doubt God's existence let's remember that we have evidence and it lies within our very existence.
